1. General Information

The general terms and conditions for the participation at the eroFame erotic trade convention that are listed below, are valid for the lease of exhibition space by the organiser, mediatainment productions GmbH, to the exhibitors, if no other written agreement has been made. The lease contract and all inherent rights and obligations cannot be handed off to third parties unless this possibility is stipulated in the conditions of participation, and has furthermore been agreed on by the contracting parties in written form.

2. Opening Hours

5. Registration / Admission

Only registered companies can be admitted as exhibitors. Registration is possible for any domestic or foreign supplier of products and services that are tangent to the erotic trade. Submission of the application form by the exhibitor does not represent any claim to acceptance. Registration takes place using the application form and serves as an acknowledgement of the general terms and conditions. Acceptance will be granted via a written confirmation of the organiser. The space assignment on the fairgrounds is up to the event organisers.

Sub-exhibitors have to register via the according form. The acceptance of sub-exhibitors shall take place via a written confirmation of the organiser. For each sub-exhibitor, a surcharge of EUR 1.000,00 must be paid.

6. Exclusion of exhibitors or exhibits

Exhibitors who violate existing laws through their exhibits or in any other way can be excluded from the event by the organiser.

7. Placement of stand-up displays at the event

The exhibition space is assigned to the exhibitors by the organiser. Should the fairgrounds be compartmented into different areas, the exhibition space will be assigned to one of these themed areas based on the affinity of the registered exhibition objects.

Exhibitors' requests do not represent any claim on exhibition space at a specific spot on the fairgrounds. The organiser reserves the right to assign the exhibitor a booth at a location other than that confirmed. Furthermore, the organiser reserves the right to change the size of the exhibitor's space, to relocate or close entrances and exits to the fairgrounds and halls and to undertake other structural changes in the event that exceptional circumstances give rise to a significant interest on the organiser's part in undertaking such measures. If the exhibitor's interests are unreasonably adversely affected by these changes, he can withdraw from the lease contract within one week's time after having been informed about the changes. This withdrawal must be submitted in written form.

8. Stand set-up / Stand dressing

The design and the building of system booths and individual booths.

Basically the exhibitor is responsible for the creation, the designing and the security of the booths according to the technical rules (DIN).

The exhibitors have the possibility to choose between a ready system booth and an individual booth.

An individual booth has to be applied with the reservation and approved in written form by the exhibitor.

General prerequisites for ready system booths are the following:

- When the sizes of the booths cover 9sqm to 19sqm; the maximum height of the wall has to be 2,50m; no towers.
- When the booths cover 20sqm to 149sqm; the maximum height of the walls has to be 2,50m; the maximum height of the top edge of the light-transmitting elements is 3,50m.
- When the booths covers 150 sqm or more; the maximum height of the wall has to be 3,50m; the maximum height of the top edge of the light-transmitting elements is 5,50m.
- Individual booths: Maximum heights of the wall has to be 3,50m

Enclosed to the lease agreement must be the requested stand size and the according layout plan for the alternatives a) – c).

Stand drawings:

Reservations for system stands include (1) one stand drawing (floor plan/perspective view) and the option to include (1) one alteration.

A flat rate of EUR 380,00 plus statutory VAT will be charged for each additional drawing / change. The rights to the stand drawings of system stands and potentially also custom stands lie with the organiser, and these drawings can only be passed on to third-party companies with the written consent of the organiser.

In such instances, the exhibitor in question will be charged with a lump sum of EUR 2.500,00 including statutory VAT.

If the exhibitor decides to bring his own stand or wants this stand set up, he must apply for this, and the organizer has to approve of it in written form, before or when the order is made. It is necessary that the plans for the individual stand layout are presented to the organizer at the conclusion of the lease agreement at the very latest. If the fixed stand sizes stipulated in a) – c) are violated, the organizer has the right to demand a surcharge of EUR 350,00 per square metre. Alternatively, the organizer can demand that the stand be downsized to one of the fixed sizes stated in a) – c), to which the exhibitor is forced to comply.

Should the exhibitor refuse to dismantle the stand, the organiser is entitled to initiate the dismantling him- or herself. The cost arising from the downsizing process is to be borne by the exhibitor.

8.a Custom stands / Stand set-up by outside companies

The square metre prices for fair stand at eroFame are based on a mixed calculation, taking into account factors such as catering and catering tents in the fair hall, cleaning of the fair hall, electricity costs, staff costs, etc. as well as participation at the eroFame Oktoberfest event, including catering.

- For that reason, the construction of any custom stands for the "eroFame" trade convention is handled by the company Mediatainment Productions GmbH (Große Kampstraße 3, 31319 Hannover) as of the 2023 event.
- Additional costs will be incurred when the organiser authorises an exhibitor to task a third-party company with the construction of a custom stand for eroFame.

Additional fees for third-party construction of custom stands:

- for a fixed stand size of 20m² / maximum wall size 2.50 metres, without towers
= premium of EUR 100,00 plus VAT per m²
 - for a fixed stand size of 21m² to 50m² / maximum wall size 2.50 metres, tower height 3.50 metres; maximum height of light-bearing elements 3.50 metres (upper edge)
= premium of EUR 50,00 plus VAT per m²
 - for a fixed stand size of 51m² to 100m² / maximum wall size 2.50 metres, tower height 3.50 metres; maximum height of light-bearing elements 3.50 metres (upper edge)
= premium of EUR 45,00 plus VAT per m²
 - for a fixed stand size of 101m² to 150m² / maximum wall size 2.50 metres, tower height 3.50 metres; maximum height of light-bearing elements 3.50 metres (upper edge)
= premium of EUR 35,00 plus VAT per m²
 - for a fixed stand size of 151m² or more / maximum wall size 3.50 metres, tower height 3.50 metres; maximum height of light-bearing elements 5.50 metres (upper edge)
= flat-rate premium of EUR 6.000,00 plus VAT
- An exhibitor planning to employ the services of a third-party company has to inform the organisers of this intention in due time.
 - When employing the services of a third-party company, the exhibitor guarantees that they have informed said company of the conditions pertaining to point (5) and that the third-party company has accepted the task under these terms.
 - The third-party company will receive a separate invoice for the additional fee. In addition to the third-party company, the exhibitor can also be held liable for the payment of this fee to the organiser.
 - Construction (planning and setting up the fair stand), cable-laying, and connections can only be handled by companies with the required qualifications.
 - Tasking third-party companies with the construction of custom stands for eroFame is only an admissible alternative if said company has been vetted and approved by the organiser.
 - The organiser expressly points out that Hannover Messe AG has specific guidelines regarding construction, materials, and safety measures as announced.

The organiser has supervision over third-party companies and it is within the authority of the organiser to deny third-party companies or individual employees access to the premises if there are clear indicators that their work does not meet the quality standards of the organiser or the minimum standards of stand construction. The organiser is not liable for any disadvantages arising from this to the exhibitor.

Images of the system stands are available online.
3. Exhibitors who do without the construction of the standard booth system and choose an individual booth construction will receive a reduced price per square meter for the empty space of EUR 250,00 plus VAT.

The above-mentioned price per square metre – corresponding to a system stand – is understood to include power connection and carpeting (System booth only). When making his reservation, the exhibitor is obligated to state whether he wants to set up an individual stand. Again, the organizer has to authorise such an individual stand beforehand.

11. Withdrawal / Cancellation / Non-participation of the exhibitor

Cancellation of the stand booking is possible within 7 days of the booking confirmation by Mediatainment Productions GmbH. Should the exhibitor cancel his participation after that deadline, he is liable to pay an amount of 33,3% of the stand fee. In case the exhibitor cancels his participation after August 15th 2024, or if he fails to appear at the event without cancellation, he will have to pay the stand fee in full. The organizer manages to lease the stand to another party, the original exhibitor is liable to the organizer for an amount equal to 33,3% of the agreed stand lease. The total stand lease must be paid if the organizer rents the agreed stand space to a third party, but the total area of rented space is reduced due to the cancellation / non-participation. The exhibitor is reserved the right to prove that the organizer has not incurred these costs or that these costs were not so high. The assertion of further claims remains explicitly reserved.

12. Advertisement

The distribution of printed matter and usage of advertising media is only admissible on the exhibitor's own stand. The execution of advertising activities outside the confines of the given stand is only possible if the organizers of the event give their consent. The organizer is justified to postpone and/or relocate the event for a compelling reason (e.g. act of nature, industrial action, epidemics, poor participation), to shorten the running event at a minute's notice, to temporarily close the venue, and to cancel the event in advance. Furthermore, the organizer is justified to stand back from conducting the event using equitable discretion and considering common interests of the exhibitors, if the economic viability cannot be ensured.

The written cancellation is directly connected to the performance obligation of the organizer. Claims for refund of transacted expenses by the exhibitor or indemnity cannot be derived from the cancellation, relocation, shortening or closure of the event, especially if those measures are executed to meet regulatory action (quarantine or preventive measures such as the ban of major events etc.)

15. Security / Liability

The security and supervision of the trade fair grounds are the responsibility of the organizer. The organizer is under no circumstance liable for loss of or damage to goods brought to the trade fair by the exhibitor, or stand fittings and furnishings. Hence, the organizer does not take on any duty of care for exhibits brought onto the site, for standard equipment or for objects owned by the persons working on the stands. The organizer assumes liability in accordance with the legal stipulations if the exhibitor asserts claims to damages that are the result of intention or gross negligence – including cases of intention or gross negligence of its personnel or named persons. If the organizer cannot be charged with a willful violation of the contract, and if the damages arise from a culpable and material breach of contract, then the liability will be limited to the foreseeable, typically occurring damage.

All agreements and special arrangements are valid only with the organizer's written confirmation.

21. Place of performance and venue

The place of performance and venue for all contract agreements is Sehnde / Germany.

22. Severability clause

In such a case, the contracting parties undertake to replace the invalid provision and fill the gap with a valid provision with which the contracting parties are most likely to achieve the economic purpose they pursue.
