All construction and work on the stands and stand dressing must be finished by 03:00 a.m. on Wednesday, October 05, 2022.
The additional set-up day will be on Sunday, October 02, 2022.
The sum for this set-up day will be EUR 1,500.00.

5. Registration / Admission

Only registered companies can be admitted as exhibitors. Registration is possible for any domestic or foreign supplier of products and services that are tangent to the erotic trade. Submission of the application form by the exhibitor does not represent any claim to acceptance. Registration takes place using the application form and serves as an acknowledgement of the general terms and conditions. Acceptance will be granted via a written confirmation of the organiser. The space assignment on the fairgrounds is up to the event organisers.
Sub-exhibitors have to register via the according form. The acceptance of sub-exhibitors shall take place via a written confirmation of the organiser. For each sub-exhibitor, a surcharge of EUR 1,000.00 must be paid.

6. Exclusion of exhibitors or exhibits

Exhibitors who violate existing laws through their exhibits or in any other way can be excluded from the event by the organiser.

7. Placement of stand-up displays at the event

The exhibition space is assigned to the exhibitors by the organiser. Should the fairgrounds be compartmented into different areas, the exhibition space will be assigned to one of these themed areas based on the affinity of the registered exhibition objects.
Exhibitors' requests do not represent any claim on exhibition space at a specific spot on the fairgrounds. The organiser reserves the right to assign the exhibitor a booth at a location other than that confirmed. Furthermore, the organiser reserves the right to change the size of the exhibitor's space, to relocate or close entrances and exits to the fairgrounds and halls and to undertake other structural changes in the event that exceptional circumstances give rise to a significant interest on the organiser's part in undertaking such measures. If the exhibitor's interests are unreasonably adversely affected by these changes, he can withdraw from the lease contract within one week's time after having been informed about the changes. This withdrawal must be submitted in written form.

8. Stand set-up / Stand dressing

The design and the building of system booths and individual booths.
Basically the exhibitor is responsible for the creation, the designing and the security of the booths according to the technical rules (DIN). The exhibitors have the possibility to choose between a ready system booth and an individual booth. An individual booth has to be applied with the reservation and approved in written form by the exhibitor.
General prerequisites for ready system booths and individual booths are the following:

- When the sizes of the booths cover 9sqm to 19sqm; the maximum height of the wall has to be 2,50m; the maximum height of the top edge of the light-transmitting elements is 3,50m.
- When the booths cover 20sqm to 149sqm; the maximum height of the walls has to be 2,50m; the maximum height of the top edge of the light-transmitting elements is 3,50m.
- When the booths covers 150sqm or more; the maximum height of the wall has to be 3,50m; the maximum height of the top edge of the light-transmitting elements is 5,50m.

Enclosed to the lease agreement must be the requested stand size and the according layout plan for the alternatives a) – c). If the exhibitor decides to bring his own stand or wants this stand set up, he must apply for this, and the organizer has to approve of it in written form, before or when the order is made. It is necessary that the plans for the individual stand layout are presented to the organizer at the conclusion of the lease agreement at the very latest. Unless there are no conflicting legal or other regulations, one exhibitor cannot have a stand bigger than 350sqm. If the fixed stand sizes stipulated in a) – c) are violated, the organiser has the right to demand a surcharge of EUR 350.00 per square metre. Alternatively, the organizer can demand that the stand be downsized to one of the fixed sizes stated in a) – c), to which the exhibitor is forced to comply. Should the exhibitor refuse to downsize the stand, the organiser is entitled to initiate the downsizing him- or herself. The cost arising from the downsizing process is to be borne by the exhibitor.

9. Sales prohibition / Product piracy

The organiser is entitled to remove exhibition objects from the stand if their display contravenes sound competition, trade mark rights or the exhibition programme. In the event of proven property rights infringement (court ruling), the organiser is entitled, but not obligated, to exclude the given exhibitor from the current and/or future events without any compensation.

10. Terms of payment

- The stand lease is due for payment without any deductions immediately after receipt of the invoice. Exhibitors who fail to make the payment can be excluded from the event.
- In general, the net price for an exhibitor stand is EUR 275.00, plus the current German value added tax; Even if the exhibitor has his own furniture, his own carpet or forgoes the cabin construction, the above price applies; as stated in the lease contract, upon paying this price, the exhibitor is entitled to a system stand of his choosing from the stand models listed in 8 a) – c). Images of the system stands are available online.
- Exhibitors who do without the construction of the standard booth system and choose an individual booth construction will receive a reduced price per square meter for the empty space of EUR 250,00 plus VAT.

The above-mentioned price per square metre – corresponding to a system stand – is understood to include power connection and carpeting. When making his reservation, the exhibitor is obligated to state whether he wants to set up an individual stand. Again, the organiser has to authorise such an individual stand beforehand.

11. Withdrawal / Cancellation / Non-participation of the exhibitor

Cancellation of the stand booking is possible within 14 days of the booking confirmation by mediainment productions GmbH. Should the exhibitor cancel his participation after that deadline, he is liable to pay an amount of 30% of the stand fee. In case the exhibitor cancels his participation after August 31, 2022, or if he fails to appear at the event without cancellation, he will have to pay the stand fee in full.

The organiser manages to lease the stand to another party, the original exhibitor is liable to the organiser for an amount equal to 30% of the agreed stand lease. The total stand lease must be paid if the organiser rents the agreed stand space to a third party, but the total area of rented space is reduced due to the cancellation / non-participation.

The exhibitor is reserved the right to prove that the organiser has not incurred these costs or that these costs were not so high. The assertion of further claims remains explicitly reserved.

Should the eroFame be cancelled by 31.08.2022 due to Pandemic, the exhibitor will receive a full refund of the deposit.

Should the eroFame be cancelled after 31.08.2022 due to Pandemic, the exhibitor will receive a credit note for the following year.

12. Advertisement

The distribution of printed matter and usage of advertising media is only admissible on the exhibitor's own stand. The execution of advertising activities outside the confines of the given stand is only possible if the organisers of the event give their consent. Exhibitors are only entitled to use advertising of any kind on their stand for their own company and only for the products that they produce or distribute. Non-compliance with these terms will result in a fee of EUR 2,000.00 for each individual case of unauthorised advertising. For an extra charge, additional advertising space may be leased from the organiser. Prices on request.

13. Exhibitor's passes / parking passes

Every exhibitor receives exhibitor's passes.
For a stand of 9 sqm to 19 sqm, he will receive 3 passes; 1 parking pass,
for a stand of 20 sqm to 49 sqm, he will receive 5 passes; 1 parking pass,
for a stand of 50 sqm to 74 sqm, he will receive 10 passes; 1 parking pass,
for a stand of 75 sqm to 99 sqm, he will receive 15 passes; 1 parking pass,
for a stand of 100 sqm to 149 sqm, he will receive 20 passes; 2 parking passes,
for a stand of 150 sqm to 199 sqm, he will receive 25 passes; 2 parking passes,
at a Stand of 200 sqm, he will receive 30 passes; 2 parking passes.

14. Caveat

The organizer is justified to postpone and/or relocate the event for a compelling reason (e.g. act of nature, industrial action, epidemics, poor participation), to shorten the running event at a minute's notice, to temporarily close the venue, and to cancel the event in advance. Furthermore, the organizer is justified to stand back from conducting the event using equitable discretion and considering common interests of the exhibitors, if the economic viability cannot be ensured.

The written cancellation is directly connected to the performance obligation of the organizer. Claims for refund of transacted expenses by the exhibitor or indemnity cannot be derived from the cancellation, relocation, shortening or closure of the event, especially if those measures are executed to meet regulatory action (quarantine or preventive measures such as the ban of major events etc.)

15. Security / Liability

The security and supervision of the trade fair grounds are the responsibility of the organiser. The organiser is under no circumstance liable for loss of or damage to goods brought to the trade fair by the exhibitor, or stand fittings and furnishings. Hence, the organiser does not take on any duty of care for exhibits brought onto the site, for standard equipment or for objects owned by the persons working on the stands. The organiser assumes liability in accordance with the legal stipulations if the exhibitor asserts claims to damages that are the result of intention or gross negligence – including cases of intention or gross negligence of its personnel or named persons. If the organiser cannot be charged with a willful violation of the contract, and if the damages arise from a culpable and material breach of contract, then the liability will be limited to the foreseeable, typically occurring damage.

23. Outline for the revision of „Exhibition stand construction“ starting in 2022:

With effect from January 1st, 2022 the following new regulations apply towards the exhibition stand construction. Every exhibitor will be advised AHEAD of their booking.

24. Exhibition stand construction

(1) In the past we had to repeatedly deal with several problems regarding the observance of the predefined Corporate Identity (CI) as well as the observance of building-, material-, and safety regulations. Therefore, the exhibition stand construction, i.e. the planning and the setup of the exhibition stands, the wiring and all electrical connections have to be ensured by respectively qualified companies.

(2) On this account, the exhibitor must charge mediatainment productions GmbH only, Große Kampstraße 3, 31319 Sehnde, with the setup of individual exhibition stands at the eroFame fair starting in 2022.

(3) The assignment of a third-party contractor as an alternative for (2) will only be permitted, if the respective third-party contractor willingly pays an administrative fee of 5.580,00 Euro plus 19% extra charges/VAT to the operator AND if the respective third-party contractor is inspected and approved by the operator beforehand. The third-party contractor will receive a separate invoice on the administrative fee. Next to the respective third-party contractor the exhibitor is liable for the payment of the fee towards the operator.

With the assignment of a third-party contractor, the exhibitor guarantees that they informed the contractor about this regulation on figure (3) and that the contractor is willing to accept the offer among these terms and conditions.

The exhibitors immediately have to report the planned assignment of a third-party contractor to the operator.

(4) The operator supervises all third-party contractors and will make use of its right to determine who shall be allowed or denied access to their premises, if and when the contractors and their employees do not meet the quality claims of the operator nor legal minimum standards of exhibition stand construction.

The operator is not liable for consequent disadvantages for the exhibitor.
